Career Objective

To secure an internship opportunity in Artificial Intelligence and Machine Learning where I can apply academic knowledge, enhance technical skills, and contribute to innovative projects while gaining valuable industry experience.

Education

- | | |
|---|-----------------------------|
| • +2 In Education (English Major) | Completed (2077 B.S.) |
| • Bachelor of Computer Applications (BCA) | Running (Started 2078 B.S.) |

Core Skills

- Problem Solving and Logical Thinking
- Communication and Teamwork
- Creativity and Time Management
- Quick Learner and Adaptable

Technical Skills

- Programming: Python, Java
- Databases: MySQL
- AI Basics: Python libraries for data handling and ML models
- Tools: VS Code, Android Studio, Apache NetBeans, PyCharm

Projects / Academic Work

- BCA Quiz Web Application – Developed an interactive quiz system with database support.
- InfoVers (News Portal) – Created a dynamic web portal for posting and managing articles.
- AI Practice Projects – Worked on small Python projects for data analysis and ML basics.

Strengths

- Quick Learner
- Positive Attitude
- Good Teamwork & Communication
- Problem-Solving Mindset

Interests

- Artificial Intelligence & Machine Learning
- Python Programming
- Web & Mobile Application Development
- Basics of Data Science

Language

- English | Nepali | Maithili | Hindi

About Me

A motivated BCA student with interest in Artificial Intelligence and Machine Learning. Eager to learn new skills, gain practical experience, and contribute to meaningful projects through an internship. Quick learner, adaptable, and committed to professional growth.
